## Global & US Political Update: War Talks, Elections, and Breaking Events

### Trump Pushes for Iran Deal Amid Ongoing Conflict

**Former President Donald Trump** has expressed strong optimism about ending the ongoing conflict with **Iran**, stating that **Vice President JD Vance** and **Secretary of State Marco Rubio** are actively involved in negotiations.

While Trump claims that “**productive talks**” are underway and hints at a possible agreement, reports indicate that **Tehran has denied direct communication**, creating uncertainty around the diplomatic progress.

At the same time, nearly **1,000 U.S. soldiers** are preparing for potential deployment in the **Middle East**, signaling that military readiness continues alongside diplomatic efforts.

---

### Mixed Signals on War Progress and Strategy

Trump recently declared that the **U.S. has “won the war”**, while also highlighting a supposed **energy-related concession** from Iran tied to the **Strait of Hormuz**.

However, global observers note contradictions:

- **Iran denies negotiations**
- **Indirect talks via mediators** like Pakistan and Egypt may be ongoing
- The situation remains **volatile with continued military pressure**

---

### Trump Approval Rating Hits New Low

Amid the war developments, a new poll shows **Trump’s approval rating dropping to a record low**, largely influenced by concerns over the **Iran conflict** and foreign policy decisions.

Public sentiment appears divided, especially regarding:

- Military escalation
- Economic consequences
- Diplomatic uncertainty
